Billy,

So we don't employ anyone in Senegal but OHCEA the African Regional Network has 2 positions.

- 1) Focal Person: this is the 25% salaried faculty that manages technical work for the country and advises for the region. There are generally 2 per country one from public health and vet sci. Their 25% salary is ~\$16,773
- 2) Country Administrator: these are traditional admin support and are 100% appointment annual salary ranges ~\$10,584-\$15,624 the top pay has an advance degree (is a veterinarian).

Hope this helps.
